CROWD OF 10,000 EXPECTED ON CITIZENS' DAY

All Cars Going to Exhibition Grounds Are Crowded; May Be Record for the Week.  
JUDGING IN LIVESTOCK CLASSES WELL ADVANCED  
Edmonton Derby and Event for Alberta Owned Horses Features of Program.

With splendid prospects for fine weather for the rest of the week, the outlook of the management is a bright one. Today is Citizens' Day, when the attendance will probably reach a record mark for the present fair. The afternoon is a civic holiday and where should people go but to the fair? Last year on Citizens' Day the attendance reached 18,000 despite the fact that the day was stormy. Today the attendance should exceed 20,000.

This afternoon all cars going to the exhibition grounds were crowded. The day was ideal for a big turn out. Special attractions are being put on, including the musical ride in the middle of the afternoon. The afternoon race program included the Edmonton Derby, 1 1/4 miles for three year olds and up for a purse of \$1,000 and a race for three year olds. The ladies' hunters and young classes being judged in the ring before the grand stand were one of the featured features of the afternoon. The judging of the livestock exhibits is well advanced and will probably be completed tomorrow morning in time for the parade in the afternoon.

The following are the winners in the livestock contest.

UPWARDS OF 200 DEAD GERMAN IN SPACE 50 YARDS

Three-fifths of Kaiser's Troops Engaged in Battle at Haelen Killed or Wounded.  
BELGIUM VICTORY IS OFFICIALLY CONFIRMED  
Great Quantities of Booty Collected From Battlefield—Houses Burned.

Brussels, (via London), Aug. 13.—An official communication issued today confirms yesterday's success of the Belgian troops over the Germans at Haelen.

It says the German casualties were very heavy—three-fifths of their troops engaged in the encounter being killed or wounded. The Belgian casualties are reported as relatively small.

The battle centered around Haelen in the Belgian province of Limburg, extending to Diest in the north of the province of Brabant, after passing round Zeeb.

At 7 o'clock last evening all the country between the three towns mentioned had been cleared of German troops except the dead and wounded, who were thickly strewn about the fire zone. Upwards of 200 dead German soldiers were counted in a space of 50 yards square. A church, a brewery and some houses in Haelen were set afire and were broken over the Diner were destroyed by Belgian engineers. Great quantities of booty were collected on the battlefield and have been stacked up in front of the town hall at Diest. Many houses were burned and many horses were captured. The strength of the German column was about 5,000 men.

RAINBOW DISTINGUISHES HERSELF SAFELY CONVOYS SMALL BRITISH SHIPS

Vancouver, Aug. 13.—Completing a cruise in which she really distinguished herself, the Canadian cruiser Rainbow reached Esquimalt this morning at 6 o'clock. With her came the little ship of war Shearwater, which the Rainbow has conveyed up the California coast 1,000 miles from home. Nobody outside of Esquimalt knew she had left that naval port before the British specially chartered the ship picked up the two smaller vessels which had already started north. The Rainbow specially conveyed the Shearwater while the Albatross took a course along close into shore. Though the Leipzig was within 100 miles of them on two or three occasions the small gunboats were brought through safely. It is expected now that the Rainbow will remain in the vicinity of Cape Flattery. The situation for the defence of the British Columbia coast cities has very much improved.

HOMESTEADERS TO BE PROTECTED FOR THIS YEAR'S HARVESTING

The department of the interior at Ottawa has decided to extend protection during the harvesting and threshing season to all homesteaders who may apply for leave to engage in such operations. This does not, however, include the holders of unperfected pre-homesteads.

Entrants should apply to the department, through their local land commission lands for this permission.

## Artillery Firing Near Liege Indicates Beginning of Great Battle in Belgium

ALBERTA'S GIFT OF OATS RECEIVED WITH ENTHUSIASM.

Premier Sifton stated today that the arrangements for the shipment of the 100,000 bushels of oats being given by Alberta to the motherland has been placed in the hands of the provincial secretary, Hon. A. J. McLean.

No official acceptance has yet been received from the imperial government, the offer having been made through Ottawa. The Dominion government must acknowledge the receipt of the offer and stated that it was being forwarded to Britain.

The effect of the gift has been to further strengthen the good feeling between Alberta and Great Britain, and in a wire to Premier Sifton on Wednesday, John A. Reid, agent general of Alberta in London, stated: "Announcement Alberta's gift enthusiastically welcomed all quarters."

STORIES OF AWFUL GERMAN BRUTALITY TOLD BY BELGIANS

Accused of Pillaging Villages and Shooting Down Inhabitants Without Cause  
DEFENDERS ARE FIGHTING AT A GREAT DISADVANTAGE  
Compelled to Expose Themselves in Ordinary Uniforms Some of Whom Brilliant

Brussels, Aug. 13 (via London, 429). Yesterday for the first time German prisoners were seen here. They were young officers with spiked helmets covered with brown Holland cloth to render them less conspicuous. The Belgians fight at a disadvantage as they are compelled to expose themselves in their ordinary uniforms some of which especially those of the cavalry are brilliantly colored, while the Germans of all ranks are a grey field uniform which easily melts into the greys and browns of roads and arable fields.

The Belgian authorities are preserving well the secret of the operations of military. A number of the Chamber of deputies said yesterday that even he and his colleagues were ignorant of such matters as the whereabouts of army headquarters.

King Albert passed through Louvain yesterday afternoon in a travel-stained automobile. He was dressed in a general's uniform and almost escaped recognition. It was without any doubt that the king was in the town. Harrowing stories continue to be told of German brutality. They are accused of burning and pillaging villages and of shooting villagers without provocation. It is said that whenever German cavalry enters a town they first make for the municipal treasury and then for the banks taking whatever cash they can find.

Another official communication today says: "The Belgian cavalry division this morning took up the offensive against the Germans who were defeated in yesterday's battle at Haelen with the object, it is said, of picking up the dead and wounded and collecting the abandoned material of war."

Heavy Cannonading Heard off Dover in the English Channel—Swiss Reports Indicate Terrible Slaughter Near Mulhausen—Heavy Engagement in Progress at Limburg.

Paris, Aug. 13.—The official declaration of war by France on Austria-Hungary was made public here today.

London, Aug. 13.—It is officially announced that a state of war has existed between Great Britain and Austria-Hungary since midnight.

German Advance Checked.  
Brussels—(via Paris)—Aug. 13.—Belgian and French troops have effected a junction south of Brussels. The German advance in Belgian provinces of Limburg and Brabant has been checked. The Germans are bringing up heavy artillery against Liege.

Greatest Encounter in History.  
London, Aug. 13.—The first encounters in the greatest battle in history seems to be taking place along nearly the whole front of 200 miles. The German concentration along the Liege-Luxemburg-Metz route now seems to be complete and 15 army corps with two Austrians corps are in Belgium or within striking distance of the French frontier. The total strength of this force is estimated at 1,000,000 men, with 700,000 infantry, 50,000 cavalry, 4,000 field guns and Howitzers, and 1,200 machine guns.

Situation Complicated by New Declarations.  
London, Aug. 13.—The war of nations of Europe today became further complicated with the formal declaration of war on Austria-Hungary by Great Britain. The strength of the Mediterranean is unknown as no movements of warships have been made public since the first outbreak of hostilities. It is known, however, that France has the bulk of her fleet in the Mediterranean sea and no apprehension exists here to the safety of trade route through that sea now that it seems certain that the German cruisers Goeben and Breslau are out of action.

SEA LANES OPEN TO TRADERS.  
The official bureau here, describing today the disposition of British cruisers in the Atlantic and elsewhere, expresses traders of all nations doing business with Great Britain to send their cargoes confidently and boldly to sea in British or neutral ships in all directions except the North Sea where, owing to mines and the probability of naval operations, no guarantee can yet be given although, as announced yesterday, passenger services are again running.

On the sea report of the safe arrival in the Dardanelles of the German cruisers Goeben and Breslau has led to rumors of their probable dismantling until the end of the war. In the north Atlantic, although Rear-Admiral Cradock has declared it "clear of German cruisers as far south as Trinidad," the French liner Hochamburg which was to leave yesterday with French reserves was held in New York by orders from France. In the North Sea which the British government says may be strewn with mines, the main squadrons of British battleships are still out but their positions are not publicly known. Neither is the location of the main German fleet.

HEAVY CANNONADING IN THE CHANNEL.  
Reports from Dover at the eastern entrance to the English channel say heavy cannonading lasting an hour was heard this morning coming from the direction of the North sea. The Austro-Hungarian fleet is said to be in the Adriatic where it was recently occupied in blockading the Montenegrin coast.

The British squadron in the Mediterranean is strong and has the support there of almost the entire French fleet.

HEAVY ARTILLERY DIRECTED AGAINST LIEGE.  
In the field of land operations little change has occurred since yesterday. The struggle for the possession of the Belgian forts surrounding Liege has recommenced and reports of artillery and cavalry engagements are taken as indicating the possible beginning of a great battle on Belgian soil. The bulk of the German forces is believed to be concentrated, on the frontier between Liege and Duchy of Luxembourg. This leads to the conclusion that Germany's frontier facing Russia can be only lightly regarded. Belgian reports assert that a strong force of German cavalry supported by infantry and artillery and severe fighting around Haelen was thrown back to wards Liege by a Belgian cavalry with infantry and artillery.

HEAVY GERMAN CASUALTIES.  
The German killed and wounded are said to have numbered three-fifths of the 5,000 men engaged while those of the Belgians are reported "relatively" light. The French foreign minister is a German report of the capture by Germans of a French infantry regiment near Brice, Maerthe-Et-Moselle.

FRENCH REVERSES IN ALASCE.  
Berlin, Aug. 13.—(By direct wireless from Nauen, Germany, to the Goldschmidt Wireless company's station at Tuckerton, N.J.)—The German troops took 120 French officers and 1,110 French soldiers prisoners in the fighting at Alausen, Alsace. They also captured four French cannon. Another 1,000 French officers and men were taken prisoners by the Germans in the fort near Longwy. German soil is now entirely cleared of French troops.

All Reports Heavily Censored.  
It must be remembered in considering all published reports of military operations that these despatches must almost exclusively from the allied French and Belgian armies. Nothing whatever comes from the German and Austrian side relating to military movements or disposition and only occasionally a brief item describing the result of past engagements is made public from these quarters. The strict censorship exercised over the whole field makes it difficult to estimate the value of the news received.

Engagement in Progress in Lieux.  
London, Aug. 13.—The admiralty and war office information bureau issues the following:

An engagement is in progress north-west of Hasselt in the province of Limburg between the Belgian cavalry division supported by a brigade of infantry and the German second cavalry division 2,500 strong, supported by a battalion of infantry and 12 pieces of artillery.

The German fourth cavalry division is reported moving towards Hasselt, in the Brabant province of Belgium.

No German infantry is known to be on the left bank of the Meuse, except the above-mentioned battalion. The Germans are entrenching at Vise. The forts are holding out.

The Germans are constructing a railway between Vise and Homburg, parallel with the frontier of Dutch Limburg. They are also entrenching themselves in Liege.

Huy Marche and Houffalize are points held by the German cavalry. Columns of German cavalry are moving eastward toward the valley of Orthe. The French retired from Mulhausen was carried out. The proportion of opposing forces was four Germans to each Frenchman.

# ATTENDANCE ON FARMERS' DAY REACHES 12,000 AND SURPASSES 1913 FIGURES

Thousands of Farmers see Edmonton's Splendid 1914 Fair—Beautiful Weather Brings Out Large Crowd and Whole Day Passes Off Without a Hitch—Receipts on Wednesday Totaled \$6,727—Prospects are that Management Will be Able to "Break Even."

Twelve thousand people attended the Edmonton Exhibition on Wednesday (Farmer's Day) the attendance easily outdistancing that for the corresponding day last year, when it rained most of the day. Apart from the little showers at the opening of the fair on Tuesday the weather this year has been most kind so far and the prospects now are that, notwithstanding the war and financial conditions, the Exhibition management will break even on the receipts and expenditures. The receipts yesterday exceeded those for the corresponding day last year, amounting to \$6,727.65.

Official figures were supplied by Manager Stark late Wednesday night as follows:

	1914.	1913.
On the grounds .....	12,000	11,500
Paid admissions .....	10,652	9,036
Grandstand, paid admissions .....	6,028	4,476
Gate receipts .....	\$4,955.05	\$3,797.55
Grandstand receipts .....	2,332.60	1,783.25
Total receipts .....	\$6,727.65	\$5,580.80

## A Splendid Day.

With the sun shining brilliantly from a cloudless blue sky there was no indication at the fair yesterday of any general depression. Thousands of people—farmers and their families—came in from the surrounding country on special trains and at once headed for the exhibition grounds. All day large numbers of people were to be seen visiting the sheds where the livestock exhibits are housed and the grandstand was more than half filled during the whole afternoon. A good sized crowd also thronged the enclosure, watching the various race events. In the evening there was a splendid program and only a few of the reserved seats were unoccupied, while all the general admission seats were crowded. Everything passed off smoothly all day and while perhaps everybody seemed a little more "sober" than usual, there was no lack of gaiety and good humor. The midway had its throng of patrons all day and in the evening did a rush business.

The large crowd on the grand stand was very enthusiastic last night over the musical ride, the military tattoo and the fireworks. Everybody was greatly delighted with the splendid device in colored fireworks depicting the Union Jack and Stars and Stripes entwined with the motto "One Hundred Years of Peace," and the maple leaf and beaver. The evening performance started promptly on time and was over shortly after 10 o'clock, enabling the visitors to get home in good time. The folk dances by children and the clever acts in the vaudeville provoked strong admiration.

The judging of the light horse classes before the grandstand in the afternoon and the trials of the hunters over hurdles were popular features, and the keen competition between a number of local exhibitors aroused general interest. Highland Laddie, W. J. Magrath's horse, was again successful in the saddle classes. Another successful horse was Paddy Perry shown by Charles Deady, Countess de Roaldes and L. V. Kerr, of Regina, were other successful exhibitors. The pony classes were followed closely and the victory of Richard Secord's Dandy was popular. Lochryan Princess, Mrs. Charles Deady's horse was again among the winners, in harness classes.

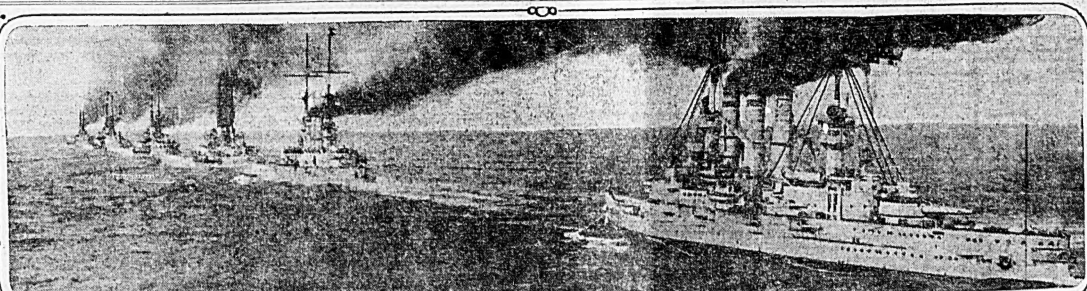

## Creditable Exhibits.

The results of the judging in grains, grasses, vegetables, etc. were handed out at the close of Wednesday's judging. This section of the show is very creditable, some splendid produce being shown. J. J. Bell was one of the most successful exhibitors and carried off the prize for the best individual farmer's exhibit. The district exhibits are very interesting as showing the agricultural resources of this part of Alberta. The Wabamun board of trade took first place, with Millet second and the U.F.A. third.

The grains, grasses, etc. are all in the large stock pavilion. The British Columbia government's exhibit of fruit and fish is also here and is well worth a visit. It will surprise many people as to the possibilities of Canada's natural wealth.

## CHIEF JUSTICE HARVEY BEATS IT FROM GERMANY BUT LOSES HIS CLOTHES

Lands in Stockholm With Suit He Stands in and That Is All—Mrs. Finch of This City in Brussels and Cannot Get Passage Across.

London, Aug. 12.—W. L. Griffith, secretary of the high commissioners office today stated many Canadian officers and doctors now in London are volunteering for active service. It is certain that the war office will accept the services of the former, but there is some difficulty in regard to the doctors volunteering for the army medical corps as they are licensed to practise here, though Hon. Geo. H. Trevelyan expects to adjust the difficulty. Applications for assistance by stranded Canadians are being scrutinized in the most lenient spirit.

John A. Reid, agent general for Alberta announced that the war office is accepting Alberta's offer of a half million bushels of oats.

Many Canadians have not been located and it is not even known whether they are on the continent or in Britain. There is a great disparity in the statements as to the whereabouts of the Canadian contingent to the eschiatric congress at Lourdes.

The Ontario government officials think they are now in Rome, while the high commissioners office believes they are at Havre. It is known that a party of priests now at the latter port wished to return by the steamer La France, but the sailing has been cancelled.

Mrs. Finch of Edmonton has been located in Brussels, but her husband

who is in Manchester is unable to get his wife across. Chief Justice Harvey of Alberta is in London, but he has lost all his baggage in Germany. Hon. Duncan Marshall, minister of agriculture for Alberta had been studying agricultural conditions in the Netherlands and Denmark, and just returned from proceeding to Germany before war was declared.

The government has requisitioned the Fleurn Head, a regular freighter to Montreal. The Royal Mail Steam Packet company announces the Arcadian will sail for New York on August 17, with first class accommodations. The passage costing 100 pounds and upward. The Cunard line announces that no passengers other than those who already hold tickets can be booked before October. The registrations at high commissioners offices include Prof. Boyle of Edmonton.

## Many French Prisoners Taken.

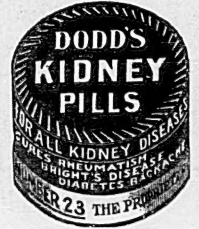

London, Aug. 12.—The German troops near Mauthausen have captured ten French officers, 500 men, four guns, ten wagons and many rifles.

According to the report German territory has been cleared of the French. It is also stated that at Lagarde the German troops made more than 1,500 prisoners.

## PRINCESS PATS TO ASSEMBLE IN OTTAWA SUNDAY.

A wire from Col. Farquhar, commanding the Princess Patricia's Light Infantry, received by Capt. McKinnery at the local headquarters of the corps this afternoon stated that instructions have been issued to Col. Crulkeham, district officer commanding Calgary, to arrange for the transportation of the Edmonton and Calgary contingents of this corps, so that they will reach Ottawa by Sunday or Monday. This means that the men must leave Edmonton tonight or at the latest, some time Thursday.

## FIRST CONTINGENT PATRICIA'S LIGHT INFANTRY LEAVES

Enthusiastic Scenes at C.P.R. Depot When 130 Edmonton Men Depart for War.

"PLEASE GOD WE WILL RENDER GOOD ACCOUNT"

Touching Incidents When Mothers and Sweethearts Bid Farewell.

No city in Canada has made a better response than Edmonton to the call for volunteers. On Wednesday night 130 Edmonton men belonging to the Princess Patricia's Light Infantry, left for Calgary, where they will join the Calgary contingent and proceed to the front. Two hundred and eight men paraded at the C.P.R. depot last night and every man was anxious to go to the front. Seventy-eight had to remain behind, but these will form part of another contingent that will leave tonight. Applications were received from Walworth, Grouard, Telford, Fort Saskatchewan and other places, and a number of these men will arrive in the city today and will join the second contingent which will go east tonight direct from Edmonton, via Saskatoon. All the Princess Patricia's

men are expected in Ottawa by Sunday or Monday. There was an enthusiastic scene at the station last night as the men entrained for Calgary. Just before the ranks were broken up Captain McKinnery addressed the men. "Quit all feeling now," he said. "Every man must remember that he is now a soldier and must observe military discipline. Remember the name of the honorary colonel of the regiment and try to do honor to the name of 'The Patricia's'. We are going out to do our best for the cause that we believe to be right; and please God, we will give a good account of ourselves. We will start out as we hope to finish, by giving three cheers for the line."

Every man in the ranks took off his hat and cheered lustily for the king. Afterwards the crowd of civilians looking on gave "Three cheers for the Patricia's". There were some touching scenes as mothers and sweethearts took leave of the men. All the men bore themselves bravely and the remark was frequently heard among the crowd of onlookers that the Edmonton men should do the city credit. All are ex-service men, though some of them are quite young. The majority are old countrymen who have belonged to famous British regiments, including the Black Watch, Royal Horse Artillery, Welsh Fusiliers, Royal Scots and others.

Captain McKinnery, who has had charge of the enlistment here, was staff officer to Colonel Driscoll, commanding "Driscoll's Scouts," a special corps operating, with the permission of Lord Kitchener, under Sir Leslie Dunlop in the South African campaign. He was recommended for the Victoria Cross by Kitchener. In despatches, on September 15, 1901, for carrying a wounded man out of range at Wolmaranstad.

## Says Saw German Shooting Wounded Frenchmen; Saves Himself By Feigning Death

Official Statement Issued Last Night States That German Soldiers Are Wearing Uniforms of Belgians Who Were Killed at the Defense of Liege.

Paris, Aug. 12.—The official statement was issued last night:

"A wounded French cavalry man at Mozieres declares he saw a German cavalry man shoot a wounded Frenchman. He says he heard five or six other shots and saved himself by feigning death.

"The Germans are wearing uniforms taken from Belgians killed in battle."

# THINK GERMAN FLEET TAKING THE OFFENSIVE

Probable Allied Armies of England, France and Belgium, are now in Death Grapple With Kaiser's Army En-Route to Brussels.

## (Capital Lensed Wire.)

London, Aug. 12.—England today awaits news of great happenings at sea and on land where her forces and those of her allies are in contact with the enemy. Official information received here has led to the hope that the German fleet has taken the offensive.

Everything points to the probability that the allied armies of England, France and Belgium are in a death grapple with the Kaiser's army of the Meuse which advanced from Liege in the direction of Brussels.

The allied troops are believed to be at least equal in numbers to the German force and confidence is felt that they will be able, not merely to check, but to push back and perhaps smash the invading army. Should the event equal anticipation the right wing of the huge line in which a million men are said to be stretched over a distance of 150 miles will have been broken and rolled back, leaving the armies in Luxembourg and on the Moselle which are in daily outpost contact with the fortresses of Verdun, Nancy and Epinal.

## May Withdraw From Belgium.

So serious does the German dilemma appear that it is said there is reason to believe that the Kaiser's troops will not even attempt to give battle in Belgium but will withdraw and fall back on the center of the line.

The prospect of a sea fight is looked forward to calmly though there is no attempt to underrate the courage or fighting capacity of the German fleet. It is recognized that with powerful and numerous squadrons of submarines and an aerial escort of Zeppelin bomb throwers, the German navy may, with luck on its side, counterbalance in a large measure the overwhelming numerical and gun preponderance of British ships.

## Battle Is Imminent.

The silence of the admiralty, the repeated warnings to fishermen and general feeling that Germany will attempt to strike at once on sea and land all lead to the belief that a battle is imminent in the North Sea.

Englismen have lost none of their pride and confidence in their navy and are firm in the conviction that the British navy will maintain its traditional greatness when it meets the German fleet. That there will be heavy losses in men and ships is expected but England is ready to pay the price of victory.

The land struggle, it is believed, will be the greatest ever fought in the history of war.

## REPORTED GERMAN CRUISER IS SUNK BY BRITISH BOAT

Wireless Message Picked Up in New Hampshire in Code to This Effect.

## ENGLISH AND GERMAN WARSHIPS IN VICINITY

Believed That Craft Destroyed Was Either Stuttgart, Dresden or Karlsruhe

Isle of Shoals, New Hampshire, Aug. 12.—It is asserted that British naval ships were engaged in an encounter off here last night, during which one of the war vessels is reported to have been sunk. A wireless message received would seem to indicate that the vessel came to one of the German cruisers, Stuttgart, Dresden or Karlsruhe, which have been reported to be reconnoitering in the waters all along the Atlantic coast for the past week. The message was sent in cipher and read: "Umbra is sunk." This is believed to be the code word for one of the battleships that engaged in the conflict. The British cruisers Essex and Suffolk are off this coast.

The first shots were heard at 5:10 and lasted for twenty minutes. Again at 6:20 it was continued for seven minutes. But for the interval from the first firing of shots to the second, there was no interruption in the firing. It was described as a steady fire and seemed about 15 miles away.

## Vladivostok Harbor Mined.

Soule Korea, Aug. 12.—German arriving here from Vladivostok report that several submarines have been sent to the harbor and eight submarines are engaged in mining the harbor of Vladivostok. They also say that 150 German reservists and 100 non-combatants have left their city but that 250 other Germans, mostly women and children still remain there by permission of the authorities.

## Gold Strikes at Fort George.

Fort George, B.C., Aug. 12.—Wild excitement prevailed here over the strike of free milling gold on the Benson claim, four miles south west. Nuggets brought in last night leave no doubt of the existence of gold in large quantities. Hundreds are seeking to file on ground in the vicinity.

## Turkey's Action Suspicious.

# WONDERS OF MODERN INDUSTRY SPLENDIDLY DEPICTED IN MANUFACTURERS' BUILDING AT EDMONTON'S GREAT MIDSUMMER EXHIBITION

Marvels of Science and Invention Applied to Wonderful Resources of Nature Are Shown in Most Brilliant Form—Visit to Booths is Liberal Education—Made-in-Alberta Products Form Large Part of Exhibits.

One of the prettiest booths in the Manufacturers' building at the fair is that of Swift and company. The booth is situated near the center of the building. The scheme worked out is one of flowers and ferns intermingled with hams, bacon, lard, pickled meats and the other products of the company. In the center of the booth are several show cases in which are shown a variety of fancy hams, lunch hams and delicatessen. The color scheme has been worked out with white and blue, while the upper portion of the booth is made of lattice work on which vines and flowers are strung. The center of the booth is best shown in the evening when many clusters of electric lights add to the beauty of the booth. There is also a large electric sign reading "Swift's". On the counters the hams, bacon and lard have been so arranged as to show the relative strength of the various countries engaged in the European war, the size of the article representing the strength of the various countries, armies, navies and air fleets. The display also shows brocked hams and eggs and cheese, arranged in an appetizing way.

A booth that is attracting special attention is that of James Hunsley, limited, situated toward the center of the building and close to the main entrance. One section represents a living room while the rest of the booth is given over to the display of the new fall and winter styles in women's wear. The entire display is surrounded by a fancy brass rail with posts every 12 feet on which are large jardiniere of flowers and plants. The other decorations consist of grape vines and clusters of fruit. In the midst of the display are pedestals on which are pots of plants. There are a number of rich and beautiful fur displays. One piece that has drawn special attention is a set of fitch with a Persian lamb coat trimmed with fitch and with mink and sable. Prominent in the display of furs are pieces made from fox skin which will be the style this winter. There are also displayed mink, seal and sable.

The exhibit also shows a display of the latest fashion styles in millinery and ladies' suits. At the far end of the booth is the living room. This is decorated by a beautiful brass fireplace, around which are grouped several chairs and a table, all of the goods being samples of the various lines carried in stock at the store on First street. The booth is under the charge of S. N. Terrell and T. Y. Brown.

### COLLEGE GENT FURNISHED THE SURPRISE IN WEDNESDAY'S RACES

Won 2:04 Trot in Straight Heats After Homer Mc Had Won Two—  
Unfortunately No One Had a Ticket on the Gent, as the Machines  
Would Have Paid \$660 on a Straight Card—Marcus Wins Long  
Running Race—Favorites Were Winners in All Running Events

Wednesday was Farmer's Day at the Exhibition and the big day for the racers, seven fine races being run off. Weather and track were ideal, and there were no accidents to mar the afternoon's sport. The favorites won in the four running events, but in the harness races the dogs were somewhat twisted.

#### Fortune in a Ticket.

The first race, the 2:04 trot, 2:00 pace was the feature harness event of the day and required six heats to decide the winner. College Gent, proven a variable gold mine for those who backed him in the fourth and fifth heats. The race started with Homer Mc the favorite and heavily backed, and he came home in front for the first two heats. The third heat went to Jirnewood, who had run second in the previous mile. In the fourth heat came the surprise. Many backed Homer Mc to take his third win and race. Jirnewood, Nellie G and Hattamont also came in for their share of the bettor's patronage. But none believed himself to get down on College Gent for a win, and the horse finished under a wire first and a straight ticket on his would have paid \$450 to the holder. After the Gent had won the heat, several were heard to remark "Well, what do you know about that, I had a hunch that the horse would win, and would have bet on him only nobody was betting him at all." Nor did the better jump on College Gent very hard in the next heat, which he won handily, and the machines again paid well, paying \$85 on a \$5 straight ticket, and in the other heat a \$2 place ticket paid \$20.40. College Gent also took the sixth heat and race and was the surprise of the day. Homer Mc finished fifth in the third heat and in the fourth a wheel on the sulky came off, so Homer Mc was somewhat of a fluke yesterday, 2:04 was the best time for the race.

#### Easy for Redwood Wilkes.

The 2:25 trot was all Redwood Wilkes, who took the third and fourth heats with ease, and his driver was fined \$25 for not trying in the first heat, when Redwood came in third. Jim Hill, Scarlet Trent and Sister Norte, each credited with a second place during the four heats. 2:14 was the best time made.

#### A Two Horse Race.

The third race was no race at all. There were only two horses, and one had the other so badly beaten, all interest in the race was lost. However, there was a purse of \$400 at stake in a race for three-year-olds, best two out of three, and Frazzle de Oro walked away from First Gano, and once showed that he could have done a much faster mile than his opponent. The times for the mile were 2:22 1/2 and 2:29 1/2.

#### Jungle and Irish Boy.

The three first horses came in as expected in the 4 1/2 furlongs dash. There was lively betting on this race, but the machines paid little. The winner was Jungle, second Irish Boy, and third Roy V. The Irish Boy chased the winner close to the wire and lost by about a foot. The machines paid \$6.75 and \$2.70 on the winner; \$7.00 and \$2.80 on Irish Boy; and \$6.75 and \$2.70 on Roy V.

#### Marcus Always Wins.

The fifth race was a beauty, as that old, old favorite, Marcus, won the bacon in grand style. The race was one mile and one furlong, which is some long jaunt for the runners, but Marcus showed his class and ran a beautiful race. There were four starters and lively betting. As is always his style, Marcus lays in last place until it is time for the final dash. Marcus did this yesterday and brought the crowd to its feet by his brilliant finish. A notable stunt of Marcus' is the flashing of his tail when he first starts on his dash to overtake the leaders. The time for the race was 1:53 1/4. Joe Miller finished second and paid \$4.50 for place. Redmington, who was backed

to place, finished fourth, and Frank Fletcher took third. The race carried a \$500 purse.

#### Gray's Favorite Lost.

There was some surprise in the 7 furlongs run. Laura Clay carried the most money and won the race, but nobody expected Gray's favorite to finish as far back as third, which he did. The few who got down on Jack Adams for place won some good coin, as his tickets paid \$1.25 and \$5 and \$4.50 for \$2. In this race Coronation was left at the post.

#### Another Favorite Won.

Luke Van Zandt carried all the money under the wire in the last running race, the 5 1/2 furlongs. Little Bill finished second and paid \$1.25 and \$2.50 for place. Pretty Soon won third place, but was backed heavily for place. Luke, the winner, paid \$7.25 and \$3.10 for straight cash. Tuscan carried few bets and showed why when he finished fourth. A great deal of switching of results and bets on the blackboard, after some of the races, tended to make people wonder what was going on, and one was never quite sure if the name of winnings would not be changed before their ticket was cashed.

### TWO WORLD'S RECORDS GO BY THE BOARDS KALAMAZOO MEET

Peter Volo Made Fastest Three Heats Ever Trotted by a Stallion—  
Also Were Fastest by Four-Year-Olds.

Kalamazoo, Mich., Aug. 12.—Two world's records were broken yesterday by Peter Volo driven by Tom Murphy in winning the Horseman and Spirit of the Times futurity for four year trotters at the grand circuit meet here. His time of 2:04 1/2, 2:05 1/2 and 2:06 1/2, makes him the fastest three heat ever trotted by a stallion, the former record being 2:07 1/2, 2:08 and 2:12 made in 1910 by the Harvester. The heats were also the three fastest by a 4 year old trotter, the horse having previously been held by Lucille Spire, who went them in 2:07 1/2, 2:07 1/2 and 2:11 at Grand Rapids last week.

Tommy Murphy announced the purchase of the trotter, Peter Scott, by Peter the Great. The price given was \$2,000.

Score was 3 to 3—Grant Made Only Error in Game; Bronks Had Most Hits.

Calgary, Aug. 12.—The Bronks played one of their few good games last night and while they didn't win, the local fans can get some satisfaction out of the fact that they did not lose. The score was 3 to 3 at the end of the eighth when the game was called because of darkness.

The Hatters played errorless ball, and gave Lynn and Lemley spectacular support and although the Bronks made 15 hits against the Hatters' six in the pinches the visitors were air-tight.

Grant made the only error of the game and this was responsible for one of the Hatters' runs.

Score:
